# Cookies policy

### 1. What is a Cookie?

When browsing our website https://www.crimesciencetechnology.com (hereafter referred to as the "**Website**"), cookies, pixels, tags and other trackers (hereafter referred to as the "**Cookies**") are installed on your computer.

A cookie is a small file, often encrypted, that is stored in your browser or device and is identified by a name. It is installed when you visit a website or application. Each time you return to the said website or application, the Cookie is retrieved from your browser or device. This ensures that each time you visit the website or application, the browser is recognized.

The installation of these Cookies is likely to enable us to access your browsing data and/or personal data concerning you.

### 2. Cookies Identification

We may use advertising Cookies, social network Cookies or Audience Analysis Cookies. You will be informed of this on your first visit to the Website/Application using these cookies. You will then be invited to accept or refuse them in accordance with the terms described below.

#### ➢ Technical and functional Cookies

Technical and functional Cookies are necessary for the proper functioning of the Website and to provide you with our services. They are used throughout your navigation, in order to facilitate it and to carry out certain functions.

For example, a technical Cookie may be used to store your responses to a form or your preferences regarding the language or layout of the Website, where such options are available.

#### ➢ Advertising Cookies

Advertising Cookies may be created not only by our Website but also by other websites and applications that serve ads, announcements, widgets or other elements displayed on the page.
These Cookies can be used, among other things, to personalize and measure the effectiveness of advertising or to carry out advertising targeting.

#### ➢ Content personalization Cookies

Content Personalization Cookies allow us to provide you with content that is more likely to match your interests based on your browsing profile. Your browsing profile is established according to the content you have already consulted.

#### ➢ Social network Cookies

Social network Cookies allow you to share content from our Website on social networks and to express, on these networks, your opinion or make public your consultation of our Services by clicking, for example, on the "like" and "share" links.

These Cookies may also enable to trace user's browsing on the Website.

We invite you to consult the Privacy Policies of the social networks, owners of these Cookies, to be aware of the purposes of use of the browsing information they may collect through these Cookies and how to exercise your rights with these social networks.

➢ **Audience Analysis Cookies**

These Cookies allow us to measure the number of visits, page views and user activity. Analytical Cookies allow us to generate statistics on the use and navigation of our Website in order to improve our performances. The Cookies used also allow us to identify navigation problems and eventually to solve them.

3. **Your Cookies preferences**

➢ **Cookies that can be installed without consent**

Some cookies do not require your consent, such as:
- Technical or functional Cookies that are necessary for the operation of the Website;
- Certain Cookies for audience measurement or Cookies that enable to test different versions of the Website for the purpose of optimising editorial choices.

➢ **Acceptance or refusal of Cookies subject to your express consent**

All other Cookies require your consent. These include Advertising Cookies, Social Networking Cookies, Content Personalization Cookies and some Audience Analysis Cookies. You may freely choose to accept or decline the use of these Cookies**.**

You can accept or refuse these Cookies the first time you browse the Website.

Your choices to accept or refuse these Cookies will be retained for a period of six (6) months.

You are free to withdraw your consent and more generally to change your preferences at any time via the following link.

➢ **Your browser settings**

It is also possible to set your browser to accept or reject certain Cookies.

Each browser offers different settings.
